ADMISSION RULES
AT THE FIRST AND SECOND LEVEL OF HIGHER EDUCATION
IN THE 2018/2019 ACADEMIC YEAR

Adopted on the basis of clause 14 (3) 6) of the Universities Act, clause 2³ (4) 6) of the University of Tartu Act and clause 12 (2) 5) of the Statutes of the University of Tartu.

I. General provisions

1. The admission rules at the first and second level of higher education in the 2018/2019 academic year (‘rules’) regulate the admission of applicants to the University of Tartu (‘university’) curricula of professional higher education, bachelor’s studies, studies based on the integrated curricula of bachelor’s and master’s studies (‘first level of higher education’) and of master’s studies (‘second level of higher education’) in regular and open university studies in the 2018/2019 academic year.

2. An applicant is a person applying for degree studies at the university. An international applicant is a person who is not a citizen of Estonia and who does not have a long-term residence permit or a permanent residence permit.

3. Upon applying to the university
   3.1. an applicant must have the required level of education or qualification;
   3.2. an applicant must present a standard application and other documents required in these rules;
   3.3. an applicant must meet the admission requirements or special conditions of admission.

4. Admission takes place once a year in the form of open competition. The admission schedule is established in annex 4 to these rules.

5. One or more competitions are announced for a curriculum on the basis of the form of study, specialisation or place of study.

6. An applicant may present an application to apply for two competitions at the first level of higher education and two competitions at the second level of higher education.

7. An international applicant who applies to an English-taught curriculum and who has acquired the previous level of education in a foreign country, pays the fee for processing admission documents 50 euros (incl. VAT) per person. The fee for processing admission documents must be paid by the deadline for submitting applications specified in annex 4 to these rules. The fee for processing admission documents is not refunded.

8. The admission to the university is organised
   8.1. on the basis of a threshold value,
   8.2. on the basis of a ranking list, and
   8.3. under special conditions.

9. A threshold value is a minimum score ensuring the admission to a curriculum. The score consists of points received upon complying with the admission requirements of a particular curriculum.
10. The ranking list of applicants is formed on the basis of points received upon complying with the admission requirements of a particular curriculum.

11. Special conditions of admission (‘special conditions’) are criteria upon the fulfilment of which an applicant is admitted to the university without considering the admission requirements of a particular curriculum.

12. Admission requirements are established in annexes 1 and 2 to these rules.

13. Compliance with admission requirements is evaluated in points and the highest score is 100 points. If the applicant meets the requirements for admission under special conditions, the applicant is given the maximum score, unless annex 1 or 2 to these rules provide otherwise. If the score given for fulfilment of special conditions is lower than the score calculated for complying with admission requirements, the score calculated for complying with admission requirements will be taken into account.

14. Each admission requirement accounts for a certain percentage of the highest score. The score \( p \) of an applicant is calculated as follows: the result of an admission requirement \( a \) is multiplied by the relevant percentage \( b \); in the event of several admission requirements \( n \) the products are added up and the total sum is divided by 100.

\[
p = \frac{(a_1 \cdot b_1 + a_2 \cdot b_2 + \ldots + a_n \cdot b_n)}{100}.
\]

The score is rounded to two decimal places.

15. An applicant who wants to study in an Estonian-taught curriculum has to certify their Estonian language proficiency at the minimum level of B2. Estonian language proficiency at the required level is be proved by basic education, secondary education, vocational education or higher education obtained in Estonian, or a certificate of Estonian language proficiency at level C1. Applicants who have passed the state examination in Estonian as a second language or the Estonian language proficiency examination of level B2 meet the Estonian language proficiency requirement if their examination result is at least 80 points.

16. An applicant who does not meet the requirements specified in clause 15 must, if admitted, participate in an intensive Estonian language course pursuant to the terms and procedure provided for in the Study Regulations, except in curricula specified in clause 17. If an applicant has no knowledge of the Estonian language, the applicant must provide proof of English or Russian language proficiency at least at B2 level to take an intensive Estonian language programme on the basis of the respective language. Vice rector for academic affairs establishes the acceptable ways for proving the applicant’s English and Russian language proficiency at B2 level.

17. An applicant for the curriculum of medicine (in Estonian), dentistry and pharmacy must comply with the Estonian language proficiency requirement provided in clause 15.

18. To apply for an English-taught curriculum, an applicant must certify that their English language proficiency corresponds to level B2.

19. The university re-assesses the following learning outcomes of an applicant that are required to comply with the admission requirements:

19.1. learning outcomes of the previous level of education obtained in a foreign country;
19.2. results of the International Baccalaureate Organisation (‘IBO school’);
19.3. results of the European School;
19.4. the result of the Scholastic Aptitude Test (‘SAT’);
19.5. the result of the Estonian language proficiency examination.
20. The vice rector for academic affairs establishes
  20.1. the principles of transforming grades received on a five-point scale to a hundred-
         point scale;
  20.2. the principles of re-assessment of learning outcomes specified in clauses 19.1–19.5
         of the rules;
  20.3. the ways for proving language proficiency provided in clauses 16 and 18 of the
         rules.

II. Submission of application and documents

21. To apply to the university, applicants submit their application and documents
    (‘documents’) electronically or on paper. The list of the required documents by levels of
    higher education is set in annex 3 to the rules.

22. Electronic documents are submitted via the admission information system at www.sais.ee
    or via the admission information system for international students at
    www.estonia.dreamapply.com. Paper documents are submitted to the student admissions
    unit of the university’s Office of Academic Affairs or to places of study specified in annex
    4.

23. Electronically submitted documents must be digitally signed or confirmed with a digital
    signature or seal. Paper documents are submitted as
    23.1. original documents and copies thereof or
    23.2. a transcript certified by a notary or the issuer.

24. Documents are submitted in Estonian or English. Documents that are not in Estonian or
    English must be accompanied by a translation in Estonian or English, certified by the
    issuer, a sworn translator or a notary.

25. In order to verify and specify the information shown on the application, the university has
    the right to use the study information system of the University of Tartu, Estonian
    Education Information System and the International Baccalaureate Information System
    database, make inquiries to educational institutions and submit documents certifying
    education to the Estonian ENIC/NARIC for the purpose of assessing the qualification.

26. If the information shown on the application of an applicant is incomplete or an applicant
    fails to submit all the required documents by the date specified in annex 4 to the rules or
    fails to pay the fee for processing admission documents specified in clause 7 on time, the
    university has the right to reject the application.

27. The copies and transcripts of documents submitted upon applying to the university are not
    returned.

28. Application forms, other necessary document forms and postal addresses of the student
    admissions unit of the university’s Office of Academic Affairs and the academic buildings
    in Pärnu, Narva, Viljandi and Tallinn, mentioned in annex 4 to the rules, are published at
    www.ut.ee/sisseastumine. Document forms in English are published at
    www.ut.ee/admissions.

III. Entrance examinations

29. Entrance examinations may consist in
    29.1. taking an examination at the university, e.g. academic aptitude test, professional
         suitability test, entrance interview;
29.2. submitting a written examination paper, e.g. motivation letter, essay, portfolio of works. In the case of a written examination paper the admissions committee has a right to conduct an interview with the applicant to specify information provided in the paper. An applicant has no right to demand an interview.

30. The schedule of entrance examinations and the requirements for the content and organisation of entrance examinations are approved by the faculty council and are published at www.ut.ee/sisseastumine on the date specified in annex 4 to the rules.

31. If the admission requirements of a curriculum include several entrance examinations among which the applicant must choose, the applicant can choose only one entrance examination. If the entrance examination takes place several times a year, the applicant is permitted take the entrance examination on one occasion only.

32. To take an academic aptitude test, the applicant must register at www.ut.ee/sisseastumine. Applicants who have acquired secondary education or will acquire it in the 2017/2018 academic year at the latest are registered to take the academic aptitude test. An academic aptitude test is conducted twice a year: in March and in July. To apply for admission under special conditions, the applicant must take the academic aptitude test in March, except for curricula in which pursuant to annex 1 the academic aptitude test is included in the admission requirements. The result of the academic aptitude test may be replaced with the result of an SAT taken by the applicant within the 2017/2018 academic year on the basis of a respective application by the applicant. In order for the result of the SAT to be recognised, the applicant must submit an application to the chair of the committee of the academic aptitude test together with the document certifying that the SAT was taken within the period of registration for the academic test prescribed in annex 4 to the rules.

33. An applicant who applies for the second level of higher education and has received a call-up for compulsory military service has the right to take the entrance examination prior to the period of entrance examinations. An application together with a copy of the call-up for compulsory military service must be submitted to the chair of the admission committee by 15 June 2017.

34. To take the examination specified in clause 29.1 of the rules, an applicant submits a personal identification document.

35. The highest score an applicant can receive for the entrance examination is 100. The entrance examination is graded with the accuracy of up to one decimal point.

36. The entrance examination is considered passed if the score of the entrance examination is at least 51.

37. If the admission requirement of a curriculum consists of several entrance examinations, the applicant is allowed to take the next examination only if they have passed the previous examination.

38. The results of entrance examinations are published at www.sais.ee on the date specified in annex 4 to the rules.

39. An applicant has the right to examine the examination paper on site within two weeks of the disclosure of the result.

40. The entrance examination papers are not returned and are retained for a year.

41. The results of entrance examinations are only recognised in the academic year of taking the examination.
42. The chair of the admission committee
   42.1. has the right to allow an applicant who has failed to appear at the entrance
           examination with good reason to take the examination at another date during the
           period of entrance examinations;
   42.2. must remove an applicant who has committed academic fraud from the entrance
           examination and/or not consider the applicant’s examination paper.

43. An applicant has to notify the admission committee of a good reason for failure to appear
   at the examination specified in clause 29.1 of the rules no later than on the date of the
   examination.

IV. Filling student places
44. The number of student places at the first level of higher education is 2297 and at the
    second level of higher education 1421. The rector establishes the number of student places
    by curricula and by competitions. For the purpose of filling the student places faster, the
    rector may allow, on the basis of proposals by deans, the admission of more applicants
    than provided in this clause as of dates specified in clauses 7, 15 and 24 of annex 4 to the
    rules.

45. The university admits an applicant
   45.1. who complies with all admission requirements and whose score received upon
           meeting the admission requirements in case of admission on the basis of a threshold
           value exceeds or equals 80 points;
   45.2. who complies with all admission requirements and whose place in the ranking list is
           in the limits of the number of student places established by the rector in clause 44 of
           the rules;
   45.3. who complies with the special conditions established in the rules.

46. An applicant does not comply with the admission requirements
   46.1. if their result of the state examination required for applying for a curriculum
           specified in annex 1 to the rules is below 20 points;
   46.2. who has not taken the entrance examination specified in clause 36 of the rules if an
           entrance examination constitutes an admission requirement of a curriculum;
   46.3. whose score of admission requirements is below 66 points.

47. If there are vacant student places in a curriculum where applicants are admitted on the
    basis of a threshold value, the places are filled on the basis of the ranking list.

48. The student place of an applicant admitted under special conditions is included in the
    number of student places established by the rector pursuant to clause 44 of the rules.

49. The university has the right to revoke the decision on the admission to the university if it
    appears that
   49.1. the level of education or qualification of an applicant does not provide access to the
           desired level of higher education;
   49.2. an applicant has submitted forged documents or false information or committed
           academic fraud at an entrance examination;
   49.3. an applicant has considerably violated generally accepted norms of conduct or
           academic practice. In this case an admission decision is revoked by the steering
           admission committee on the proposal of vice rector for academic affairs.

50. The university is not liable for possible material or non-material damage arising from the
    revocation of an admission decision.
51. The university informs the admitted applicants of the decision on admission at www.sais.ee or www.estonia.dreamapply.com on the date specified in annex 4 to the rules.

52. An applicant who has been admitted is required to notify the university of commencing studies at www.sais.ee, www.estonia.dreamapply.com or by a written application to the Office of Academic Affairs within the period specified in annex 4 to the rules. Failure to notify within the prescribed time is considered a renouncement of the student place and the vacant student place is given to the applicant next in the ranking list.

53. Student places that have remained vacant during the admission are filled until the date specified in annex 4 to the rules.

54. An applicant who is admitted to the university and who has confirmed that they commence studies is matriculated.

V. Admission to curricula of the first level of higher education

55. A person with secondary education or an equivalent education of a foreign country has the right to apply for curricula of the first level of higher education. A person who has graduated from the IBO school has the right to apply if they graduated the IBO school with a diploma.

56. The admission requirements for the first level of higher education may include
   56.1. state examination,
   56.2. (average) grade on the graduation certificate,
   56.3. professional suitability and prior learning and work experience,
   56.4. entrance examination,
   56.5. SAT in biology.

57. If an admission requirement of a competition includes the result of the state examination in Estonian as a second language, the result can be replaced with the result of the Estonian language proficiency examination of at least level B2.

58. If an admission requirement of a competition includes the result of the state examination in narrow mathematics, the result can be replaced with the result of the state examination in broad mathematics. In this case, 16 points are added to the result of the state examination in broad mathematics. If an admission requirement of a competition includes the result of the state examination in broad mathematics, the result cannot be replaced with the result of the state examination in narrow mathematics. The result of the state examination in mathematics taken until 2013 is considered equal to the result of the state examination in broad mathematics.

59. The results of state examinations in Estonian, narrow mathematics and broad mathematics can be substituted with the corresponding final exam results of IBO school or the European School.

60. If annex 1 to the rules stipulates state examination as an admission requirement, and an applicant does not have the required state examination result or an examination result of IBO school or the European School, the applicant takes an entrance examination to substitute the admission requirement(s) set in annex 1 in order to meet the admission requirements. A precondition for taking the entrance examination is that the applicant’s average study result in acquiring secondary education is at least 66% of the highest possible score.
61. The following compulsory subjects of the national curriculum for secondary schools are taken into account when calculating the average grade of the graduation certificate: Estonian, Russian (in a school where Estonian is taught as the second language), literature, Estonian as a second language (in a school where Estonian is taught as the second language), foreign language at B2 level, foreign language at B1 level, narrow or broad mathematics, geography (nature geography), biology, chemistry, physics, history, personal, social and health education, civics and citizenship education, geography (human geography), music, arts and physical education.

62. Extra points
62.1. Three points are added to the score of the best graduate of each secondary school. The best graduate is:
   62.1.1. a graduate of a secondary school with a gold or silver medal;
   62.1.2. a graduate with the best average grade if the secondary school does not have any graduates with a gold or silver medal in that academic year. This condition is valid for applicants who have graduated from a secondary school since the 2009/2010 academic year.

62.2. Up to five points are added to the score of an applicant who has completed a course of the University of Tartu Youth Academy (‘youth academy’) or a massive open online course of the University of Tartu (‘MOOC’) not earlier than in the 2013/2014 academic year. Courses for which extra points are granted will be specified by curricula by vice rector for academic affairs. To receive the extra points, the course must be passed at least with the grade C. The number of extra points depends on the number of completed courses and their credit point value. The total of extra points is calculated as follows: the course’s credit point value is divided by 1.5, the results of multiple courses are summed up. The highest total score for completion of courses is five points.

63. Applicants are admitted on the basis of a ranking list and on the basis of a threshold value in accordance with annex 1.

64. Admission under special conditions
64.1. Pursuant to the provisions of annex 1, the university admits, based on results of Olympiad or competition, an applicant with the required level of education who has in form 11 or 12
   64.1.1. achieved one of the top five results in the final round of an Estonian national Olympiad, except the history Olympiad, among forms 11 and 12 and is among the top ten in the general ranking;
   64.1.2. achieved one of the top two results in one topic in the final round of the Estonian national Olympiad in history among forms 11 and 12 and is among the top ten in the general ranking for that topic;
   64.1.3. participated in an international Olympiad;
   64.1.4. achieved the first place among teams or one of the top three results in individual consideration in the Estonian Secondary School Debating Championships;
   64.1.5. achieved one of the top three results in the Rakett 69 television programme;
   64.1.6. belonged to the team that has won the Estonia’s Best Student Company competition.

64.2. Pursuant to the provisions of annex 1, the university admits an applicant whose score in the academic aptitude test is 65 points or higher and who has the required level of education.
64.3. In addition to the special conditions specified in clause 64.1 and 64.2 of the rules, the university may establish special conditions in annex 1 to the rules.

64.4. The list of Olympiads and competitions taken into account by the university upon admission under special conditions in cases prescribed in clauses 64.1.1–64.1.6 of the rules is established in annex 5 to the rules.

64.5. An applicant has the right to apply on the basis of the results of an Olympiad established in clause 64.1 and annex 1 to the rules if the applicant has not been matriculated in the university under the same grounds before.

VI. Admission to curricula of the second level of higher education

65. A person who has obtained a bachelor’s degree, higher education in the curriculum of professional higher education or in the integrated curriculum of bachelor’s and master’s studies on the basis of a nationally recognised curriculum or an equivalent qualification has the right to apply for the curricula of the second level of higher education. If prerequisite courses have been established to enter the curriculum of the second level of higher education, an applicant who has completed the prerequisite courses has the right to apply. The prerequisite courses are approved with the corresponding curriculum and published at www.ut.ee/sisseastumine.

66. An applicant who applies for the curriculum of the second level of higher education for which prerequisite courses have been established and who has not completed the curriculum pursuant to clause 74 of the rules must apply for the assessment of the compliance of prior learning and/or work experience (RPL) with the prerequisite courses established in the curriculum of the second level of higher education. Assessment of compliance of prerequisite courses can also be requested outside the admission period by submitting an application to the institute or college.

67. The committee for recognising prior learning and work experience (‘RPL committee’) makes a decision on the recognition of the applicant’s prior learning and/or work experience upon meeting the admission requirements and communicates the decision to the technical admission committee no later than on the date specified in annex 4 to the rules.

68. The admission requirements for the second level of higher education may include:
   68.1. average grade of the previous level of study (prerequisite courses),
   68.2. grade of the graduation thesis or final examination of the previous level of study,
   68.3. prior learning and work experience,
   68.4. entrance examination.

69. The arithmetical average of all positive examination results is considered the average grade of the previous level of study. The learning outcomes on the letter-based scale are transformed as follows to calculate the average grade: A “excellent” = 5; B “very good” = 4; C “good” = 3; D “satisfactory” = 2; E “sufficient” = 1. The learning outcomes on the number-based scale are transformed as follows to calculate the average grade: 5 “very good” = 5; 4 “good” = 3.5; 3 “satisfactory” = 2.

70. Applicants are admitted on the basis of the ranking list. Upon admission to the curriculum of Excellence in Analytical Chemistry, the ranking list is compiled on the basis of the requirements of the Erasmus Mundus Joint Master Degrees measure of the European Commission Erasmus+ programme (the requirements are described at www.each.ut.ee).
71. Admission under special conditions

71.1. An applicant who has the required qualification established in annex 2 to these rules and has graduated the first level of higher education *cum laude* from a university that has joined the Estonian Universities Agreement on Good Practice Regarding Quality (the list is available at [http://www.ut.ee/et/sisseastumine/mag/eritingimus](http://www.ut.ee/et/sisseastumine/mag/eritingimus)) is admitted to the university if the applicant has completed the prerequisite courses established in the curriculum of the second level of higher education or if the applicant’s prior learning and/or work experience has been recognised to be in compliance with the requirements of prerequisite courses.

71.2. In addition to the special conditions specified in clause 71.1 of the rules, the university may establish special conditions in annex 2 to the rules.

VII. Disputing decisions regarding admissions

72. It is possible to dispute the result of the entrance examination by submitting a written appeal to the vice rector for academic affairs not later than on the working day following the publication of examination results. The appeal is reviewed by the appeals committee formed by the vice rector for academic affairs consisting of at least the chair of the admission committee and a member of the steering admission committee. The appellant will be informed of the decision of the committee within three working days of submitting the appeal.

73. Other decisions and acts regarding admissions can be challenged by submitting an appeal to the vice rector for academic affairs within seven days of the announcement of the decision or making the act. The vice rector for academic affairs may delegate the reviewing of the appeal to the steering admission committee who shall review the appeal in accordance with the procedure established by the rector. The applicant will be informed of the decision within seven working days of submitting the appeal.

VIII. Implementing provisions

74. The RPL committee determines the curricula upon completion of which an applicant meets the requirement of prerequisite courses by 15 January 2018 at the latest.

75. Requirements for the content and organisation of entrance examinations and the content of other admission requirements are approved by the faculty council by 15 January 2018 at the latest.

76. The vice rector for academic affairs

76.1. establishes not later than on 15 December 2017

76.1.1. principles of re-assessment and language proficiency requirements as provided in clause 20;

76.1.2. the youth academy courses and MOOCs for the completion of which applicants get extra points;

76.2. forms by 15 June 2017 the latest

76.2.1. on the basis of proposals of deans, admission committees whose task is to organise entrance examinations, calculate the average grade of the previous level of study of applicants, re-assess the learning outcomes of applicants who have acquired secondary or higher education in a foreign country and assess the compliance with admission requirements of the second level of higher education;

76.2.2. technical committees whose task is to organise the admission of applications and documents.
77. The rector forms by 1 March 2018 at the latest an eight-member steering admission committee whose task is to observe compliance with the rules and adopt decisions in matters not regulated by these rules.
## ADMISSION REQUIREMENTS FOR FIRST LEVEL OF HIGHER EDUCATION

### I. Regular studies

#### 1. Abbreviations:
- EE – entrance examination
- SE – state examination
- G – grade on graduation certificate
- Bac – bachelor’s curriculum
- Prof – professional higher education curriculum
- Int – integrated curriculum of bachelor’s and master’s studies
- SAT – Scholastic Aptitude Test

In addition to special requirements specified in clause 64, applicants are admitted to the curriculum of Classical Philology if they have in secondary school:

1. participated in the final round of the Estonian national Olympiad in native language, Russian (as a second language), Russian (as a native language), German, English, Finnish, linguistics, literature, folklore, philosophy, history, religious education or social studies;
2. been in the top ten at the national secondary school translation competition in at least one language;
3. completed with positive result the University of Tartu Youth Academy’s course Heritage from Classical Antiquity in the European Cultural Tradition.

| 2.1.21. | Tartu | English Language and Literature | Bac | 80.0 | Professional suitability test – EE | Estonian or Estonian as second language – SE | 75 | Professional suitability test – EE | 100 | No |

Applicants are admitted to the curriculum of English Language and Literature if their state examination result in Estonian or Estonian as second language is at least 70 and if they certify their proficiency in English with the following:

1. English language state examination – minimum score 95.
2. Certificate in Advanced English (CAE) – minimum 200 points/ Grade A at level C1.
(3) Certificate of Proficiency in English (CPE) – all levels,
(4) The International English Language Testing System (IELTS) – minimum average score 7.5, minimum score for each part of the test separately 7,
(5) Test of English as a Foreign Language (TOEFL) – minimum score 100.

| 2.1.12. | Tartu | Romance Studies (French Language and Literature) | Bac 80.0 | Professional suitability test – SE
Estonian or Estonian as second language – SE | 75 | Professional suitability test – EE
Estonian or Estonian as second language – SE | 25 | 100 | Yes |

In addition to special requirements specified in clause 64, applicants are admitted to the curriculum of Romance Studies (French Language and Literature):
(1) if they have in secondary school participated in the final round of the Estonian national Olympiad in French;
(2) if they certify their proficiency in French:
1) state examination in French – minimum level B2,
2) DELF – minimum level B2.

| 2.1.13. | Tartu | German Language and Literature | Bac 80.0 | Professional suitability test – EE
Estonian or Estonian as second language – SE | 75 | Professional suitability test – EE
Estonian or Estonian as second language – SE | 25 | 100 | Yes |

In addition to special requirements specified in clause 64, applicants are admitted to the curriculum of German Language and Literature:
(1) if they have in secondary school participated in the final round of the Estonian national Olympiad in German;
(2) if they certify their proficiency in German:
1) state examination in German – minimum level B2,
2) Deutsches Sprachdiplom – minimum level B2,
3) Goethe-Zertifikat – minimum level B2,
4) TestDaF – all levels.

| 2.1.14. | Tartu | Russian and Slavonic Philology | Bac 80.0 | Professional suitability test – EE
Estonian or Estonian as second language – SE | 75 | Professional suitability test – EE
Estonian or Estonian as second language – SE | 25 | 100 | Yes |

The result of the professional suitability test may be substituted with the result of the state examination in Russian or Russian as a second language taken until 2013.

In addition to special requirements specified in clause 64, applicants are admitted to the curriculum of Russian and Slavonic Philology if they have in secondary school participated in the final round of the Estonian national Olympiad in Russian as native language or Russian as foreign language.

</table>

An applicant receives the maximum score for the physical test if they have in 2016–2018 received the first place in the adult, junior or youth championships in Estonia or some other country.

Additional points in the professional suitability test are given as follows:
1. 20 points – second place in the adult, junior or youth championships in Estonia or some other country in 2016–2018;
2. 10 points – third place in the adult, junior or youth championships in Estonia or some other country in 2016–2018;
3. 20 points – member of the national team of Estonia or some other country in 2016–2018 in any age group at a European cup or championship, world cup or championship or the Olympic Games.

Applicants are admitted to the curriculum of Physical Education and Sport under special conditions if they have
1. achieved the 1–3 place in the adult European cup or championship, world cup or championship or the Olympic Games;
2. achieved the 1–3 place in 2016–2018 in the junior or youth European cup or championship, world cup or championship or the European Youth Olympic Festival.

ANNEX 3

LIST OF REQUIRED DOCUMENTS BY LEVELS OF HIGHER EDUCATION

I. First level of higher education

1. When applying for curricula of the first level of higher education, the applicant submits an electronic application at www.sais.ee and www.estonia.dreamapply.com or an application on paper. In addition to the application, if the data is not available for the university via the admissions information system, the applicant submits the following documents:

1.1. a document certifying secondary education together with the results report. An applicant who has obtained secondary education in a foreign country submits a transcript of records in the absence of a document certifying secondary education and the document certifying secondary education by 1 November 2018 the latest;
1.2. a personal identification document or a copy thereof;
1.3. a document certifying the change of name of an applicant who has changed their name;
1.4. a state examination certificate of an applicant who applies for a curriculum where the admission requirements include a state examination;
1.5. a document certifying Estonian language proficiency at a minimum level of B2 or a certificate of the state examination of Estonian as a second language if the applicant has obtained secondary education in any other language and wishes to commence studies in Estonian;
1.6. a document certifying English language proficiency at a minimum level of B2 when applying for an English-taught curriculum or to complete an Estonian language programme on the basis of English;
1.7. a document certifying Russian language proficiency at a minimum level of B2 to complete an Estonian language programme on the basis of Russian;
1.8. a document certifying English, French or German language proficiency at the level specified in annex 1 to the rules if the applicant applies for a maximum score in the entrance examination for the curricula of English Language and Literature, or admission under special conditions to the curricula of French Language and Literature or German Language and Literature;
1.9. an assessment of the Estonian ENIC/NARIC on the compliance of the qualification for access to studies at the first level of higher education in the event of an applicant who is a citizen of Estonia or has a permanent residence permit of Estonia and has obtained secondary education in a foreign country;
1.10. a document certifying taking the SAT (Scholastic Aptitude Test) in biology if the applicant applies for a curriculum where the admission requirements include the result of this test;
1.11. a document certifying taking the SAT (Scholastic Aptitude Test) to substitute the result of the academic aptitude test with the result of the SAT;
1.12. a diploma or certificate that certifies participation in an Olympiad or competition if the applicant applies under special conditions specified in clauses 64.1.1–64.1.6 of the rules and annex 1 to the rules;
1.13. a school certificate confirming the best average grade in the level of study if the applicant applies for additional points as the best graduate of a secondary school in curricula specified in annex 1 to the rules and who has graduated from a secondary school that had no graduates with a gold or silver medal that academic year;
1.14. a confirmation by a sports federation regarding athletic achievements if the applicant applies for admission under special conditions, highest score at an entrance examination or additional points in the curriculum of Physical Education and Sport under the conditions specified in annex 1 to the rules;
1.15. a certificate of the completion of a course of the youth academy or a MOOC, if the applicant applies for additional points for the completion of a youth academy course or a MOOC, or who applies for admission under special conditions for completion of MOOC under the conditions specified in annex 1 to the rules;
1.16. a confirmation that an applicant who is younger than 18 years old (a minor) is aware of limitations arising from restricted active legal capacity;
1.17. a curriculum vitae if the applicant applies to the curriculum of Teacher of Vocational Training.

II. Second level of higher education

2. When applying for curricula of the second level of higher education, the applicant submits an electronic application at www.sais.ee or www.estonia.dreamapply.com or an application on paper. In addition to the application, if the data is not available for the university via the admissions information system, the applicant submits the following documents:

2.1. a diploma and diploma supplement of the previous level of study. An applicant who has acquired higher education in a foreign country submits a transcript of records in the absence of a diploma and diploma supplement of the previous level of study and the diploma and diploma supplement by 1 November 2018 at the latest;
2.2. a personal identification document or a copy thereof;
2.3. a document certifying the change of name of an applicant who has changed their name;
2.4. a diploma and diploma supplement, certificate of continuing education course or a standard description of previous work experience of an applicant who applies for assessment of prerequisite courses;
2.5. a certificate regarding the compliance of prior learning and/or work experience with admission requirements if the applicant has applied for assessment of compliance the compliance of prerequisite courses from an institute or college before the admission period;
2.6. an assessment of the Estonian ENIC/NARIC on the compliance of the qualification for access to studies at the second level of higher education for an applicant who is a citizen of Estonia or has a long-term or permanent residence permit and who has acquired a bachelor's degree or an equivalent qualification in a foreign country;
2.7. a document certifying Estonian language proficiency at a minimum level of B2 when applying for an Estonian curriculum;
2.8. a document certifying English language proficiency at a minimum level of B2 when applying for an English-taught curriculum or to complete an Estonian language programme on the basis of English;
2.9. a document certifying Russian language proficiency at a minimum level of B2 to complete an Estonian language programme on the basis of Russian;
2.10. a curriculum vitae when applying to the curriculum of Entrepreneurship and Technology Management, Strategic Management, and Nursing Science.
ADMISSION SCHEDULE

I. Admission to Estonian-taught curricula in the first and second level of higher education, excl. the curriculum Conversion Master in IT

1. The schedule of entrance examinations and the requirements for their content and organisation are published at www.ut.ee/sisseastumine by **15 January 2018** at the latest.

2. The academic aptitude test is conducted in March on **24 March 2018**. Registration for the test is from **1–12 March 2018** at www.ut.ee/sisseastumine. Results of the academic aptitude test will be published not later than **31 March 2018** at www.ut.ee/sisseastumine. The date of the academic aptitude test in July will be published at www.ut.ee/sisseastumine not later than **15 January 2018**.

3. Applications can be submitted
   3.1. by an applicant who has acquired secondary or higher education in Estonia
      3.1.1. at www.sais.ee from **20 June to 1 July 2018** round the clock; the admission of applications ends on 1 July at 23:59;
      3.1.2. on paper from **20 June to 2 July 2018** at the university main building in Tartu, on workdays from 10–16; for curricula taught in Pärnu, Narva, Viljandi and Tallinn in academic rooms on site on workdays during working hours;
   3.2. by an applicant who has acquired secondary or higher education in a foreign country until **1 June 2018**
      3.2.1. at www.estonia.dreamapply.com round the clock; the admission of applications ends on 1 June at 23:59;
      3.2.2. on paper in the student admissions unit of the university’s Office of Academic Affairs on work days during working hours.

4. The RPL committee makes a decision on the compliance of the prior learning and/or work experience with the prerequisite courses established in the curriculum of the second level of higher education by **4 July 2018** at the latest.

5. Entrance examinations take place on **11 July 2018** at the latest.

6. The results of the entrance examinations are published by **12 July 2018** at www.sais.ee.

7. The first admission decisions are published at www.sais.ee and www.estonia.dreamapply.com by **13 July 2018**.

8. An applicant is required to inform the university of commencing studies by **16 July 2018** at www.sais.ee or www.estonia.dreamapply.com or by a written application to the student admissions unit of the Office of Academic Affairs. An applicant who is admitted after **16 July 2018** is required to inform the university of commencing studies at www.sais.ee or www.estonia.dreamapply.com or by a written application to the Office of Academic Affairs within two days of the publication of such information.

9. The student places that remain vacant during the admission process are filled until **19 August 2018**.

10. The admitted applicants are matriculated not later than five calendar days before the beginning of the academic year.
II. Admission to English-taught curricula in the first level of higher education

11. The schedule of entrance examinations and the requirements for their content and organisation are published at www.ut.ee/sisseastumine and www.ut.ee/admissions by 15 January 2018 at the latest.
12. Applications can be submitted until 15 April 2018
   12.1. at www.sais.ee and www.estonia.dreamapply.com round the clock; the admission of applications ends on 15 April at 23:59;
   12.2. in the student admissions unit of the university’s Office of Academic Affairs on workdays during working hours.
13. The entrance examinations take place by 30 May 2018 at the latest.
14. The results of the entrance examinations are published by 10 June 2018 at the latest.
15. The first admission decisions are published by 15 June 2018 at the latest at www.sais.ee and www.estonia.dreamapply.com.
16. An applicant is required to inform the university of commencing studies within seven days of the publishing of the admission decision at www.sais.ee or www.estonia.dreamapply.com or by a written application to the student admissions unit of the Office of Academic Affairs.
17. Student places that remain vacant in the course of the admission process are filled until 1 August 2018.
18. The admitted applicants are matriculated not later than five calendar days before the beginning of the academic year.

III. Admission to English-taught curricula in the second level of higher education and to the curriculum Conversion Master in IT

19. The schedule of entrance examinations and the requirements for their content and organisation are published at www.ut.ee/sisseastumine and www.ut.ee/admissions by 15 January 2018 at the latest.
20. Applications can be submitted
   20.1. until 11 January 2018 for the curriculum Excellence in Analytical Chemistry at www.estonia.dreamapply.com round the clock or at the student admissions unit of the university’s Office of Academic Affairs on workdays during opening hours;
   20.2. until 15 March 2018 at www.sais.ee and www.estonia.dreamapply.com round the clock, the admission of applications ends on 15 March at 23:59; or at the student admissions unit of the university’s Office of Academic Affairs on workdays during opening hours.
21. The RPL committee makes decisions on the compliance of the prior learning and/or work experience with the prerequisite courses established in the curriculum of the second level of higher education on 15 April 2018 at the latest.
22. The entrance examinations take place on 30 April 2018 at the latest.
23. The results of the entrance examinations are published by 10 May 2018 at the latest.
25. An applicant is required to inform the university of commencing studies within seven days of the publishing the admission decision at www.sais.ee or www.estonia.dreamapply.com or by a written application to the student admissions unit of the Office of Academic Affairs.
26. Student places that remain vacant during of the admission process are filled until 1 August 2018.
27. The admitted applicants are matriculated not later than five calendar days before the beginning of the academic year.
OLYMPIADS AND COMPETITIONS, PARTICIPATION IN WHICH IS RECOGNISED BY THE UNIVERSITY UPON ADMISSION UNDER SPECIAL CONDITIONS

I. Estonian Olympiads and competitions

1. History Olympiad
   Organisers: Estonian History and Social Science Teachers Association
2. History Research Competition
   Organisers: Estonian History and Social Science Teachers Association
3. Biology Olympiad
   Organisers: University of Tartu
4. Olympiad of Estonian (as a foreign language)
   Organisers: University of Tartu / Tallinn University
5. Estonian National Student Research Competition
   Organisers: Estonian Research Council (until 2012, Archimedes Foundation)
6. Native Language Olympiad (Estonian as a native language)
   Organisers: University of Tartu / Tallinn University
7. Philosophy Olympiad
   Organisers: University of Tartu
8. Open competition in Physics
   Organisers: University of Tartu
9. Physics Olympiad
   Organisers: University of Tartu
10. Geography Olympiad
    Organisers: University of Tartu
11. Informatics Olympiad
    Organisers: University of Tartu
12. English Language Olympiad
    Organisers: University of Tartu / Tallinn University
13. Open competition in Chemistry
    Organisers: University of Tartu
14. Chemistry Olympiad
    Organisers: University of Tartu
15. Environmental Research Competition
    Organisers: Tartu Environmental Education Centre Foundation
    Organisers: Estonian Debating Society
17. Literature Olympiad
    Organisers: University of Tartu
18. The Estonia's Best Student Company competition
    Organisers: Junior Achievement Estonia Foundation
19. Linguistics Olympiad
    Organisers: University of Tartu
20. Economics Olympiad
    Organisers: Junior Achievement Estonia Foundation
21. Open competition in Mathematics
    Organisers: University of Tartu
22. Mathematics Olympiad
    Organisers: University of Tartu
23. French Language Olympiad
    Organisers: Tallinn University
24. Folklore Olympiad
    Organisers: University of Tartu
25. “Rakett 69” TV science competition show
    Organisers: Estonian Public Broadcasting
26. Finnish Language Olympiad
    Organisers: University of Tartu / Tallinn University
27. Olympiad of Religious Education
    Organisers: University of Tartu (until 2013, Estonian Religious Education Teachers’ Association)
28. Olympiad of Russian (as a native language)
    Organisers: Tallinn University
29. Olympiad of Russian (as a foreign language)
    Organisers: Estonian History and Social Science Teachers Association
30. Olympiad of Social Science

II. International Olympiads

32. Baltic Geography Olympiad (BGEO)
33. Baltic Chemistry Olympiad (BChO)
34. Baltic Olympiad in Informatics (BOI)
35. European Physics Olympiad (EuPhO)
36. European Union Contest for Young Scientists
37. European Union Science Olympiad (EUSO)
38. European Student Companies Competition JA-YE Europe
39. Baltic Way Mathematical Contest
40. International Astronomy and Astrophysics Olympiad (IAAO)
41. International Biology Olympiad (IBO)
42. International Philosophy Olympiad (IPO)
43. International Physics Olympiad (IPhO)
44. International Geography Olympiad (IGEO)
45. International Olympiad in Informatics (IOI)
46. International Chemistry Olympiad (IChO)
47. International Environmental Project Olympiad (INEPO)
48. International Linguistics Olympiad (ILO)
49. International Mathematical Olympiad (IMO)
